The StarStone Advantage

The Power & Utilities sector needs specialist and experienced insurers who fully understand the unique risks and regulatory scrutiny clients face. The in-depth data analysis we carry out on every risk ensures our decisions are well informed and made with confidence.

- We provide worldwide Power & Utilities coverage through Syndicate 1301, a Lloyd's managing agency
- We deliver the broad coverage required to protect property and insureds against breakdown and business interruption
- We have the ability to take the lead role

SECTOR EXPERTISE

Underwriting

StarStone's Power & Utilities team is led by Ben Wilson, a practiced underwriter with 20+ years' industry experience and a proven track record of underwriting power generation and distribution risks.

Engineering

StarStone's in-house engineering department, with its technical advice and survey capabilities, is a major advantage for clients. StarStone utilises a team of power generation engineers that support every phase of the insurance transaction.

GLOBAL LICENCING

StarStone provides Power & Utilities coverage through Syndicate 1301, a Lloyd's syndicate managed by StarStone Underwriting Limited. StarStone Underwriting Limited is a Lloyd's managing agency authorised and regulated by the PRA and FCA. Through Lloyd's, Syndicate 1301 is licenced and authorised to trade in over 200 countries.

CAPACITY

- Up to USD 25 million.

SECURITY

Lloyd's is rated A+ by Standard & Poor's and Fitch Ratings, and A (Excellent) by A.M. Best: ratings apply to all Lloyd's Syndicates.

CLAIMS

The Power & Utilities claims team works closely with clients, brokers and StarStone's underwriters both pre and post loss to facilitate fast and effective financial settlement when required. This is also part of our wider service offering to help prevent future loss recurrence.
