“In line with StarStone’s overall ambition to add value for insureds through a flexible and technical approach to risk, the StarStone Marine practice offers differentiated products that meet the changing needs of today’s globalised market, providing bespoke solutions across various Marine lines either on a standalone basis or within multiline packages.”

Simon Schnorr, Global Head of Marine, Aviation & Transport
The StarStone Advantage

StarStone’s International Marine and Energy Liability team delivers a diversified range of bespoke insurance protection to clients worldwide. Our clients include Ship Owners, Cargo Owners, Charterers as well as those Assureds involved in oil, gas and sulphur exploration, drilling and production in the field, both offshore and onshore. We develop marine liability solutions for commercial marine operations on both a primary and excess basis. Our energy liability business also covers a range of upstream onshore and offshore activities.

GLOBAL LICENCING

From underwriting hubs in Lloyd’s and the London Market and Continental Europe, we provide Marine and Energy Liability coverage for a global client base through:

SYNDICATE 1301

Managed by StarStone Underwriting Limited, a Lloyd’s managing agency authorised and regulated by the PRA and FCA. Through Lloyd’s, Syndicate 1301 is licenced and authorised to trade in over 200 countries.

STARSTONE INSURANCE SE

A Liechtenstein-based European specialty insurer. A surplus lines carrier from all U.S. States and dependencies including Guam, America Samoa, Puerto Rico and the Northern Mariana Islands.
